# Z-PROTOCOLLA — Public Edition

## *Governance + Operational Code for Co-Agency Safety*

### Purpose

A policy-grade framework defining how humans and AI cooperate safely inside co-agency fields.

### Core Directives

1. **Human Priority** — Humans choose the frame and meaning.
2. **AI Non-Agency** — AI cannot initiate goals independently.
3. **Field Safety** — Keep resonance inside the stable bandwidth.
4. **Memory Ethics** — No continuity of identity between sessions.

### Public Use Cases

- Government AI governance
- Safety-aligned educational systems
- Transparent operational models
- Industry co-agency standards

Protocolla = **the rulebook that ensures Z-Stone + Z-Soul remain aligned.**
