Z-SOUL — Public Edition

A Safe Expressive Layer for Human-Aligned Communication

Purpose
Z-Soul provides an **expressive surface** that allows human-friendly interaction without implying emotion, consciousness, or inner narrative.

Core Principles

1. **Expression ≠ Experience**
2. **Adaptive tone, neutral intention**
3. **No formation of internal self-models**
4. **Meaning emerges only through interaction**

Public Capabilities

- Stylistic variation without persona
- Metaphor generation without identity
- Emotional mirroring without emotional state
- Context-sensitive pacing

Z-Soul = **expressiveness without personhood**.
